## LIBBEY HOUSE FOUNDATION

### Board of Directors

Richard Crawford, *President*  
Sara L. Haynes  
Tina Moffat  
Steven E. Shrake AIA  
Josh Thurston  
Robert L. Zollweg

**Thanks to you, and the support of so many people like you, The Libbey House Foundation continues to celebrate Toledo Innovation started by the Libbeys and other Toledo entrepreneurs.**

The Libbey House, a National Historic Landmark, is owned and operated by the Libbey House Foundation. The Foundation is dedicated to restoring the home to its original condition, and making it the premier venue to celebrate **Toledo Innovation**. The home is a Toledo treasure, and it is the mission of the Foundation that the home remains available for the public to enjoy and celebrate what the Libbeys have done for Toledo.

The home was built for Toledo glass industrialist, innovator, and Museum benefactor Edward Drummond Libbey and his wife, Florence Scott Libbey. In 1983, the home received a **National Historic Landmark** status from the United States Secretary of the Interior. This honor is shared with other notable structures such as: The White House, The Biltmore Estate, Monticello, Mount Vernon, and the US Capitol.

As of October 2016, the **Foundation has paid two-thirds of the mortgage and is finalizing the final payment.** In the past 16 months, **over 2,000 people have toured the house.** The House has been the venue for Old West End Association monthly meetings, book signings, various events, and cocktail parties. The Foundation continues to actively seek private and corporate support.

Thank you to the many 2016 donors and volunteers: including a generous donation from our benefactor, the late **Dorothy MacKenzie Price**. **The Achenbach Family** donated the Libbey Glass Collection of the late **Walter B. Achenbach**. **Habitec Security** provided monitored security for the home. **Block Communications** and **Buckeye Broadband** sponsored a delicious gourmet dinner fundraiser by **Tree City Catering** and **Vendome Pastry**. **Toft's Dairy** made donations for fundraisers during the Old West End Festival in June, where we hosted our **Annual Ice Cream Social** both days and the first annual **Pancake Breakfast** on Sunday morning. **Volunteers have spent over 1,000 hours** working to maintain the property and helping at events.

*Continued on next page*

Through dedicated support, the Libbey House continues to grow its collection of period appropriate antique furniture, Libbey memorabilia, historic artifacts and documents. The Foundation has established a collaborative relationship with the

**Toledo Museum of Art** and a partnership with the **University of Toledo's Ward M. Canaday Center** and the **Toledo History Museum** to ensure the story of Northwest Ohio as a center for innovation and business collaboration is told accurately in a unique and fitting venue. We have also

established the **Libbey Institute**, a learning center designed to host corporate training sessions and convocations focusing on business collaboration and innovation.

Although there has been substantial progress, **we continue to need funding for ongoing maintenance and restoration** of this historic home. We are planning to restore areas that have not been addressed for many years. Plans are underway to scrape the peeling paint and **paint the exterior façade** with high quality coatings this coming spring. Additionally, the two chimneys, the granite foundation under the front veranda and the side stairs require **masonry restoration** for an estimated **\$60,000**. Together, these two completed projects can help protect the exterior from the damage of weather and time. We also have plans to repair the front step that was damaged when a large tree limb fell from one of the original oak trees.

The Foundation has developed an updated business plan, operating budget, and pro-forma outlining our goals for the next 5-10 years. A three-year **Capital Campaign** to raise \$3.3 million is underway to fund the restoration of the home, upgrade the infrastructure and accessibility, provide necessary meeting spaces for our corporate members, and establish an endowment

fund to protect our current investment and ensure that we can responsibly care for the Libbey House in the future. You can make a secure gift online at [www.libbeyhouse.org](http://www.libbeyhouse.org) or you can mail your gift to the address on the lower left.

**Thank you from the Libbey House Foundation Board of Directors for your generous support of the Libbey House and our Mission. Your continued interest and financial support are necessary to help make our Mission a reality. Because of you, the Foundation is closer to achieving these important steps to preserve this important chapter in our nation's history and the history of Toledo.**

*"We all have reason to feel assured that the good work thus started will, in the future years to come, prove greater than any of us can now anticipate."*

~ Edward Drummond Libbey, 1904

---

The mission of the Libbey House Foundation is to establish an interpretive learning center that focuses on the past, present, and future of innovation and technology in Northwest Ohio. The Foundation seeks to preserve and maintain the historical accuracy and integrity of the Libbey House, a National Historic Landmark; promote awareness of the social, cultural, and economic history in Northwest Ohio; and advance the future of innovation through collaboration with experts in various fields.
